# TOP WINTER PICKS

Three jackets designed for the weather

When temperatures drop, you need outerwear you can rely on. We've selected three winter jackets that combine warmth, functionality, and a timeless design – created to keep you comfortable season after season.

**Hooded winter jacket**

No. 0842/0843

Casual winter jacket in recycled ID Tech® polyester. Water-repellent BIONIC-FINISH®ECO and lightweight THERMOLITE® T-DOWN insulation. Removable shoulder label.

P. 3

**GEYSER winter jacket**

No. G21070/G11070

Down-like jacket with THERMOLITE® T-DOWN filling and water-repellent BIONIC-FINISH®ECO. Slim fit, adjustable hood, and reflective details.

P. 5

**Soft shell jacket | winter**

No. 0898/0899

Jacket in three-layer ID Tech® quality with membrane. Soft lining, wind- and water-repellent outer fabric, water-repellent zip and detachable hood.

P. 7

## of workwear is discarded before it's worn out

Source: Circular Textiles Foundation, WRAP UK, EU-projects om PPE/Workwear

With a replaceable logo solution, your winter jacket can be reused again and again – even after a logo change or job switch.

### Removable shoulder label

Easy to attach and remove as needed.

### Blank label included

Ready for your new logo.

### Lasts longer

Reusable after logo or workplace changes.

WATER REPELLANT

  
WIND PROOF

# WARM, FLEXIBLE AND FUNCTIONAL

## Why many choose a softshell:

Softshell is often chosen for its perfect balance between comfort and performance.

The material is lightweight, stretchable and breathable, offering excellent freedom of movement and all-day comfort.

At the same time, it protects against wind and light rain – ideal for an active everyday use.

## Properties & features
